Maxine J. Schacker:

Thank you for your request for the educational institution under the name and address shown above to be certified by the Minister of Employment and Social Development, under subparagraphs 118.5(1)(a)(ii) and 118.6(1)(a)(ii) of the *Income Tax Act*.

Since the implementation of the new certification policy, institutions that are confirmed to be registered under provincial vocational training legislation are automatically certified. These institutions can issue T2202A certificates to their students so that they may claim a tuition tax credit, an education tax credit, and a text-book tax credit for eligible students enrolled in post-secondary education. I am attaching a copy of this policy for your information.

As we have confirmation that Max the Mutt College of Animation, Art and Design, is registered by Ontario under *the Private Career Colleges Act, 2005*, there is no need for your institution to be certified at this time. Should you no longer be required to be registered under the Act, please contact us and we will reassess your request for certification. You can contact a Certification Program Representative at 1-866-517-5650, by facsimile at 819-654-8489 or by email at cdu-uad@hrsdc-rhdcc.gc.ca.

Please keep this letter on your files as proof that you are considered to be certified, in the event that representatives from the Canada Revenue Agency have any questions about whether your students are eligible to claim the above tax credits.

Yours sincerely,

Chantal Simard
